PARK MAP

www.fairytaletown.org

You're standing on the spot where a million imaginations have been unleashed.

There are few places in the world like this magical corner of Sacramento's Land Park. For over a half-century, millions of children have streamed beneath Humpty Dumpty's stone archway and ventured into wondrous, undiscovered worlds—the worlds of their own imaginations.

Favorite fairytales and nursery rhymes are the backdrop for 26 colorful playsets, all designed to inspire creativity and literacy in young children. There's so much to discover—and most of it is in the adventureland of your child's own mind!

Barnyard animals

Only the most imaginative animals reside here at Farmer Brown's Barn. In fact, all of our animals are special breeds with unusual and rare characteristics that make them right at home with the uniqueness of Fairytale Town. Two different breeds of goats, Kune Kune pigs, a miniature horse, and a miniature Scottish highland cow are among the child-friendly creatures that you'll find here.

Storybook boxes

23 magical story boxes are located at various playsets around the park. Insert your special key in one direction, and you'll hear a story. Insert the key in the other direction, and you'll hear a song. It's a wonderful way to augment your child's visit and educate them on classic fairytales and nursery rhymes. The keys are available for rent at the box office.
